# Introductory

---

The present volume constitutes the 1935 edition of Henderson's Directory of Brandon. The work embodies a complete epitome of the civic, commercial, social and industrial interests and activities of the municipality. It is a modern Directory in all its parts and includes all the essential features which have been proven so satisfactory to our patrons in previous issues; these have been retained and amplified, and improvements have been added as suggested by experience in order to add to the value and usefulness of the Directory, thus fully meeting the requirements of patrons; the approbation and continued patronage accorded the work are constant incentives to better service.

The publication has had the benefit and advantage of the complete organization and resources of the publishers, and of the skill and experience of their corps of enumerators and compilers added to the courteous co-operation of citizens, in the production of the volume.

THE DEPARTMENT OF MISCELLANEOUS INFORMATION is included in pages 5 to 32 and contains data concerning City, Provincial and Federal Government offices, commercial organizations, cemeteries, churches (denominational and miscellaneous), colleges and schools, hospitals, homes and asylums, building exchange and associations, institutes and societies, libraries, military organizations, public schools, secret societies, etc.

THE STREET AND AVENUE GUIDE is embraced in pages 33 to 78; in this feature the names of all streets and avenues are arranged alphabetically, giving the location, number of the street and showing the occupant.

The intersecting streets are shown in the order that they come.

THE ALPHABETICAL LISTS OF NAMES of citizens, business firms and corporations covers pages 79 to 220.

THE CLASSIFIED BUSINESS DIRECTORY occupies pages 221 to 250, and exhibits the various manufacturing, mercantile and professional names, compiled under headings appropriate to the class of industry or profession followed.

## ADVERTISING BRANDON

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site, and as an educational centre. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country the publishers have placed copies of this issue of the Directory in the directory libraries, where they are readily available for reference use by the public. There they serve as perpetual advertisements of Brandon, for business men the country over realize that the City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business interests for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

Respectfully, The Publishers

HENDERSON DIRECTORIES LIMITED.

March, 1935.

## **CEMETERIES**

Brandon Cemetery, 18th St. south of Richmond Ave.

## **BRANDON FIRE DEPARTMENT**

Headquarters: Princess Avenue cor. Seventh Street

Chief—Alexander Mowat

The department consists of twenty-three permanent (fully paid) firemen of two platoons.

The equipment consists of one auto hose truck, one auto aerial truck, one chief's auto car, and two combination auto pumpers and hose trucks.

There are 210 fire hydrants distributed throughout the city. The fire pressure from the waterworks pumping station is 140 pounds with a total pump capacity of 3½ million gallons in 24 hours. The electric fire alarm system has 40 boxes.

There is a 625,000 gallon elevated tank.

## **CITY WATERWORKS PUMPING STATION**

Source of supply—taken from the Assiniboine River; method of purification—water passes through sedimentation chambers after leaving River Intake, flows by gravity through a 40-inch underground pipe line to suction wells at pumping station; the water is chlorinated in suction wells, and is then pumped from wells to and through sand beds in the pressure filters, 8 in number; capacity of each filter unit 500,000 Imp. Gals. per 24 hour day. Pumping equipment—One twin tandem compound pumping engine, capacity 3,000,000 U.S. Gals. per 24 hour day; one Turbine engine direct connected to a two stage centrifugal pump, capacity 1,150,000 U.S. Gals. per 24 hour day; two Harland double suction centrifugal motor driven pumps, capacity of each unit 3,000,000 Imp. Gals. per 24 hour day. Electric power supplied by the Manitoba Power Commission. Steam Boilers—four return fire tube boilers, boiler ratings 2—150 H.P. each, equipped with Green Chain grate mechanical stokers, 2—100 H.P. each, equipped with shaking and dumping grates. Reservoirs—one Horton Elevated gravity supply tank, capacity 625,000 Imp. Gals. Distribution System—C. I. Mains 40 miles, 16 inches to 4 inches. Domestic services 2,742, industrial services 43, railway services 15, lead and copper service pipe. Hydrants 210. Pressure—domestic, varies as per altitude 45 to 85 lbs. Fire pressure 140 lbs. Consumption—average daily 1,500,000 Imp. gals. Meters—meters installed 2,710, all services metered.

## **PUBLIC WORKS AND IMPROVEMENTS**

The city has 35½ miles of water mains, 34.70 miles of sewers, 56 miles of granolithic sidewalks, 30 miles of graded streets, and 7½ miles of paved streets, 16½ miles of boulevards and 210 fire hydrants. Permanent steel and concrete bridges are constructed over the river at First and Eighteenth Streets.

Brandon, lat. 49.51, lon. 99.57; elevation at City Hall 1,255 feet above mean sea level.

## **STREET LIGHTING SYSTEM**

Standard lighting system with 56 two-light ornamental combination standards, 244 five-light ornamental standards, 58 four-light combination standards, 227 single lights, 30 ornamental single light-brackets.

## **BUILDING PERMITS**

1926 .....	226,138
1927 .....	230,252
1928 .....	428,138
1929 .....	403,667
1930 .....	197,245
1931 .....	286,611
1932 .....	33,088
1933 .....	46,821
1934 .....	44,758

## **SYSTEM OF NUMBERING HOUSES**

The system of house numbering adopted by the City of Brandon is the Philadelphia or Decimal System. By this system an even hundred numbers are allotted to each block and the principal advantage of the system is that the number indicates how many blocks distant it is from any given point on the street or avenue.

On avenues which run east and west a number is allotted to every twelve feet, and on streets which run north and south a number is allotted to every fifteen feet.

Odd numbers are located on the east and north sides, and even numbers on the south and west sides.

The affix "east" is used to indicate avenues that number eastward from First Street and the affix "north" is used to indicate streets that number northward from Pacific Avenue.

Pacific Avenue is taken as a basis for all streets running south starting at number 1 and going southward 100 to the block to the southern limits of the city.

Assiniboine Avenue is the basis for all streets running northward starting at number 1, going northward 100 to block to the northern limits of the city.

First Street is the basis and dividing line for all avenues which run east and west. Starting at 100 and going westward 100 to the block to the western limits of the city, and again starting at number 1 and going eastward 100 to the block to the eastern limits of the city.

Rosser Avenue and all avenues running westward from First Street are intersecting as follows:

Number  
 100 First Street  
 200 Second Street  
 300 Third Street  
 400 Fourth Street  
 500 Fifth Street  
 600 Sixth Street  
 700 Seventh Street  
 800 Eighth Street  
 900 Ninth Street

Number  
 1000 Tenth Street  
 1100 Eleventh Street

 1200 Lexington Avenue  
 1300 Clark Avenue  
 1400 Spadina Avenue

1500 Wellington Avenue, the southern boundary of the city.

## TRANSPORTATION FACILITIES

The city is connected by three great trunk lines, viz.: the Canadian Pacific, Canadian National and Great Northern Railways.

Brandon is the second divisional point on the C. P. R. System west of the Manitoba boundary in the very heart of the Province.

The Canadian National Railway Company's new main line from Port Arthur to Regina gives Brandon a fast through passenger service. This Company realizes that Brandon is one of its most important divisions.

The Great Northern terminal from St. Paul is located in the business centre of the City. Its handsome passenger depot facing and extending across Twelfth Street close to Rosser Avenue, substantial brick offices have been erected by the Company adjacent to its passenger depot.

N.B.—Customs and Inland Revenue Departments amalgamated on March 31st, 1921, into "Customs and Excise Department."

## TOTAL RATEABLE ASSESSMENT

Year	Amount

## BRANDON RETAIL MERCHANTS ASSOCIATION

Secretary-Treasurer—E. V. Williams

## **DOMINION EXPERIMENTAL FARM**

The Experimental Farm is adjacent to the city on the northwest, the farm buildings being about  $2\frac{1}{2}$  miles from the business centre. The farm is 652 acres in extent, four hundred of which are in the valley of the Assiniboine River and the balance on the sloping sides and upland. There is thus a variety of soil and exposure.

The farm was established in 1883 by the Government of Canada for the purpose of testing varieties of grain, fodder, crops, roots, vegetables, fruits, trees, etc., and of testing methods of handling the land best suited for Manitoba conditions. Feeding experiments are also conducted with cattle, swine, sheep, etc.

The farm is open for the general public to visit. About 10,000 on an average visit the farm annually, principally during midsummer when the crops are looking the best.

Superintendent—M. J. Tinline, B.S.A.

Assistant Superintendent (Live Stock-Poultry)—R. M. Hopper, B. S. A.

Assistant Superintendent (Forage Crops)—G. F. H. Buckley, B.S.A.
